LIST OF NON-CCM SUPPORT VESSELS

**WCPFC3-2006/Information Paper 04 Rev. 1
28 November 2006**

Paper prepared by the Secretariat

Introduction

1. Implementation of Conservation and Management Measure-2004-01 means that carrier and bunker vessels that are flagged to countries that are not Commission Members, Cooperating Non-Members and Participating Territories (CCMs) cannot be licensed by CCMs. In June 2006 (Circular 2006-03) the Commission Chair wrote to CCMs proposing a temporary waiver of this requirement until the Commission had an opportunity to consider the advice of the Second Regular Session of the Technical and Compliance Committee (TCC2) at its Third Regular Session (WCPFC3) in December 2006.

2. To assist TCC2 provide the advice required, CCMs had been requested to provide a list of non-CCM vessels supporting the fishing operations of their fleets in the Convention Area. At TCC2, the Secretariat reported that two CCMs had responded to this request.

3. After consideration of this issue, TCC2 agreed that the information requested on non-CCM flag bunker and carrier vessels be provided to the Secretariat by 1 November 2006 so that this information could be summarized and made available to WCPFC3. Only vessels on the lists submitted to WCPFC3 would be considered for any waiver that might be adopted by the Commission at WCPFC3.

Discussion

4. The information provided to the Secretariat, as of 27 November 2006, by CCMs on non-CCM flag bunker and carrier vessels is summarized in a table appended at Attachment A. This list contains details of 72 carrier vessels¹ from six non-CCMs, and nine bunker vessels from two non-CCMs.

¹ The Panama-flag carrier vessel *Seed Leaf* (3ENS8) is listed in the recently issued CCAMLR Non-Contracting Party IUU Vessel List for conducting undocumented transshipment on 23 February 2006.
