Meeting Notice: Development of a Revised Tropical Tuna Measure Workshop 3

Dear Colleagues,

I refer to WCPFC Circular 2023/43 of 26 May 2023. I am pleased to confirm the provisional agenda and arrangements for the June 2023 Workshop on the Development of a Revised Tropical Tuna Measure. The Workshop will be held online 28 and 29 June 2023 commencing at 10 am Pohnpei time, with a full day on 28 June and a half day on 29 June. I intend to be as efficient as possible in ensuring the most productive use of our time and I hope that we will be able to conclude our work during the first day of the Workshop. To this end I would appreciate CCMs providing any of their requests for scientific advice in advance of the Workshop in order to assist the Scientific Services Provider in providing a timely response. Please provide your requests to the Executive Director at rhea.moss-christian@wcpfc.int by **Friday 23 June 2023**.

The provisional agenda for the Workshop is attached. As I received no comments on the draft agenda it is the same as that in Circular 2023/43, with some typos corrected. It is also posted to the TTM3 Workshop meeting page (<https://meetings.wcpfc.int/meetings/ttmw3>).

The Secretariat has not received any submissions from CCMs of working papers or delegation papers for the Workshop. To assist the Workshop, reference papers will be prepared by the Secretariat and will be posted shortly.

Thank you again for all your cooperation and I look forward to seeing you virtually very soon.

Best regards,

Dr Josie Tamate
CHAIR
