FFA Member CCMs

1. To ensure consistency in the interpretation of the term “actively fishing for” used in CMM 2015-02. To address this issue and allow for the resumption of assessing this obligation in the CMS process. FFA Members propose that the term “actively fishing for” used in CMM 2015-02 is applied to:

**‘Vessels fishing south of 20 degree South with an annual catch of albacore in that area with South Pacific albacore greater than 50% of the catch of potential target tuna (albacore, yellowfin and bigeye, southern bluefin, skipjack and swordfish.)’**
