

SECOND BIGEYE TUNA MANAGEMENT WORKSHOP (BMW02)

1 – 2 October 2026

Honolulu, Hawaii (Hybrid)

SUGGESTIONS ON NARROWING SPATIAL AND TRP OPTIONS

WCPFC-BMW02-2026-DP01

1 October 2026

Australia

AU suggestions on narrowing options:

For MP Scenarios

- Exclude tropical longline (20N-10S) geographic scope, so all MP scenarios would be based on WCPO-wide.
- Include scenarios to include/exclude: SIDS fleets and Hawaii Longline fleet.

So the four MP scenarios would be:

1. Including SIDS fleets and including Hawaii LL fleet
2. Excluding SIDS fleets and including Hawaii LL fleet
3. Including SIDS fleets and excluding Hawaii LL fleet
4. Excluding SIDS fleets and excluding Hawaii LL fleet.

For TRP selection

Narrow to two TRP options:

- Lower TRP (50% probability)
- Higher TRP (50% probability)
