## ANNUAL REPORT FOR THE WCPFC RECORD OF FISHING VESSELS

---

WCPFC-TCC9-2013-RP04

7 September 2013

### Paper prepared by the Secretariat

1. The Record of Fishing Vessels (RFV) is established pursuant to Article 24 (paragraphs 4 – 7) of the WCPF Convention and implemented through CMM 2009-01 *Conservation and Management Measure for the Record of Fishing Vessels and Authorisation to Fish*. This operates as a combined list of all the details that each Member and Cooperating Non-Member has provided to the WCPFC Secretariat of its vessels that are authorized to fish beyond its national jurisdiction within the Convention Area (each relevant vessel that is on a particular Members or Cooperating Non-Members national record of fishing vessels). The Record of Fishing Vessels is a publicly accessible list through the WCPFC website. As agreed at WCPFC9, the Interim Register of non-CCM carrier and bunker vessels expired on June 30 2013.
2. At the time of preparing this paper, 30 CCMs (including seven CNMs) had submitted 5,889 records of their respective fishing vessels to the Executive Director.<sup>1</sup> These cover small, medium and large-scale tuna fishing vessels, vessels targeting tuna and other species, support vessels, and research and training vessels.
3. Before 1 July of each year, each member shall submit to the Executive Director a list of all vessels that appeared in its record of fishing vessels at any time during the preceding calendar year, together with each vessel's WCPFC identification number (WIN) and an indication of whether each vessel fished for highly migratory fish stocks in the Convention Area beyond its area of national jurisdiction. The indication shall be expressed as (a) fished, or (b) did not fish. A summary of this reporting is provided in Annex 1.
4. Annex 2 provides an indication of how complete the information contained in the RFV is, and it is shown as a summary by each CCM for its vessels for each of the requirements of CMM 2009-01 paragraph 6 (a – r): gaps remain in the completeness of required information for vessels on the RFV. A draft set of WCPFC Standards, Specifications and Procedures for the RFV are currently being considered (see WCPFC-TCC9-2013-DP02) which has the potential to improve the information contained in the RFV.
5. To assist with internal record-keeping and the WCPFC has created a RFV email address: [contact.rfv@wcpfc.int](mailto:contact.rfv@wcpfc.int).
