21 – 27 September 2016
Pohnpei, Federated States of Micronesia

OBLIGATIONS TO BE ASSESSED BY THE COMPLIANCE MONITORING SCHEME

WCPFC-TCC12-2016-10B
15 September 2016

Paper prepared by the Secretariat

Purpose

1. This paper proposes some updates and modifications to the list of obligations to be assessed under the CMS process in 2016 - 2018

Background

2. WCPFC12 agreed to a list of obligations to be assessed by the CMS in 2016-2018, the frequency for assessment of CMMs in forward years and the detail of CMM paragraphs to be included in the Compliance Monitoring Report (WCPFC12 Summary Report para 469, 471 and Attachment O).
3. The TCC Workplan 2016-2018 includes as relevant taskings:
 - a. the development of a multi-year program of obligations to be assessed under the CMS; and
 - b. provide advice on CMMs that need revision to improve compliance and monitoring, including those for which interpretation issues have been identified through the CMS process.
4. CMM 2015-07 paragraph 15 says
15. Each year, the Commission shall consider, taking into consideration any recommendations from TCC, whether all of the obligations identified in paragraph 3 shall be evaluated in the following year and identify whether any additional obligations shall be evaluated. In making this determination, the Commission shall take into account:
 - (i) the needs and priorities of the Commission, including those of its subsidiary bodies;
 - (ii) evidence of high percentages of compliance or persistent non-compliance with specific obligations for multiple years; and
 - (iii) the potential risks posed by non-compliance with particular obligations to achieving the objectives of the Convention or specific measures adopted thereunder.
5. CMM 2015-01 paragraph 30 says:
30. The Provisional Report will also include an executive summary including recommendations or observations from TCC regarding:
 - (i) identification of any CMMs or obligations that should be reviewed to address implementation or compliance difficulties experienced by CCMs, particularly when

TCC has identified ambiguity in the interpretation of or difficulty in monitoring and implementing that measure or obligation, including any specific amendments or improvements that have been identified,

(ii) capacity building assistance or other obstacles to implementation identified by CCMs, in particular SIDS and Participating Territories, and

(iii) additional priority obligations that should be reviewed under the CMS the following year pursuant to paragraph 15 of this measure.

CMM paragraphs for further consideration by TCC

6. For the past two years, the TCC has usefully provided some advice to the Commission to clarify the interpretation of a number of reporting provisions in CMMs. Through the preparation of the full draft CMR, the Secretariat has noted some CMM paragraphs which could be useful for TCC to provide some further advice and direction related to the implementation by CCMs of these CMM provisions. Some of these CMM paragraphs are being reviewed in draft CMR for the first time, while others are matters that carry over from past year draft CMR reviews. The list is provided in Table 1.

Table 1. List of CMM paragraphs which might be useful for TCC to consider and as appropriate provide some further advice and direction for the purposes of reviewing implementation through the Compliance Monitoring Scheme

Proposed updates and modifications to the agreed list of obligations to be assessed in CMS

7. In the course of preparing the online templates for Annual Report Part 2 and the Compliance Monitoring Report the Secretariat reviewed the WCPFC12 agreed list of obligations (WCPFC12 Summary Report Attachment O). Annex I includes updates that reflect the list of obligations included in this year's Compliance Monitoring Report covering 2015 activities (see Table 2 in Annex I).
8. Some suggestions are made in Annex I, which are summarized in Table 2 (below), of updates to the list of obligations to be assessed in the Compliance Monitoring Scheme. The suggestions include some additions and some obligations where removal is proposed, subject to further clarification being provided on what aspects should be the focus of Compliance Monitoring Reporting.

Recommendation

9. TCC12 is invited to:

- a. consider Table 1 and any other areas identified by one or more CCMs during TCC12's review of dCMRs when developing the Provisional Compliance Report and noting the task set out in paragraph 30 (i) and (iii) of CMM 2015-07;
- b. consider the Secretariat proposed changes to the agreed list of obligations to be assessed in the Compliance Monitoring Scheme for 2017 and 2018 as outlined in Annex I and summarized in Table 2; and
- c. provide a recommendation to WCPFC13 on proposed changes to WCPFC12 Summary Report Attachment O and noting the task set out in paragraph 15 of CMM 2015-07.

PROPOSED UPDATES AND MODIFICATIONS TO THE WCPFC12 AGREED LIST OF OBLIGATIONS TO BE ASSESSED IN 2016 -2018 AND FREQUENCY OF ASSESSMENT FOR FORWARD YEARS

Background and Overview

At WCPFC12 the Commission approved a list of Conservation and Management Measures to be reviewed by the Compliance Monitoring Scheme in 2016 – 2018 (**WCPFC12 Summary Report Attachment O, Table 2 – 4**) and a frequency for CMMs to be assessed for 2016 and beyond (WCPFC12-2015-DP20_rev2) (**WCPFC12 Summary Report Attachment O, Table 1**). It was noted that this list will need to be revised as appropriate in the following years to take into account Conservation and Management Measures that are adopted or revised.

The Secretariat was tasked with producing an accompanying paper that provides the detail of individual obligations (CMM paragraphs) which will be used by the Secretariat in preparing draft CMRs (WCPFC12-2015-19g_rev1). The individual obligations to be included in draft CMRs were included below each Conservation and Management Measure heading, with notes on the relevant dCMR section (refer CMM 2015-07 paragraph 3) (**WCPFC12 Summary Report Attachment O, Tables 2 – 4**).

Notes on proposed updates and modifications

The Secretariat proposed updates and modifications to the WCPFC12 Summary Report Attachment O are shown in ~~striketrough~~ and underlined text. They are also highlighted in yellow.
