**SUMMARY OF CURRENT WCPFC CHARTER NOTIFICATIONS
UNDER CMM 2012-05 and CMM 2015-05**

WCPFC13-2016-IP09_rev2¹
4 December 2016

Paper by Secretariat

1. This paper tables for the information of the Commission the current charter notifications under the Conservation and Management Measure 2015-05 (which replaced CMM 2011-05, CMM 2009-08 and CMM 2012-05).
2. In accordance with CMM 2015-05, each chartering Member or Participating Territory can choose to notify the Commission of any vessel to be identified as chartered in accordance with the CMM by sending a notification containing the information in paragraph 2 to the Executive Director and to the relevant flag CCM. The notification by a Commission member or participating territory of a charter, lease or other mechanisms involving vessels flagged to another CCM, means that the vessel can be considered to be an integral part of the domestic fleet of that chartering Member or Participating Territory. In addition, it should be noted that the Conservation and Management Measure on regulation of transshipment (CMM 2009-06, considers that the chartering CCM is responsible for reporting against vessels that are flying the flag of another CCM but notified as operating as an integral part of the domestic fleet (see paragraph 7).
3. Paragraph 5 of CMM 2015-05 tasks the Executive Director to make available to all CCMs information submitted under CMM 2015-05. Information received from CCMs on charter arrangements can currently be found in two places on the WCPFC Intranet.
 - I. As part of the Record of Fishing Vessels: where flag CCMs are expected in accordance with the RFV SSPs to confirm charter arrangements for their vessels are submitted in accordance with CMM 2014-03 (CMM 2014-03, RFV SSPs).
 - II. In the Charter Notification List maintained by the Secretariat, which records advice that chartering Members or chartering participating territories have advised the Secretariat as well as the appropriate flag CCM, in accordance with the WCPFC Charter Notification Scheme (CMM 2015-05 or its predecessor)
4. As at 25 November 2016, the Executive Director received 790 notifications from eleven Members and Participating Territories related to calendar year 2015 or 2016. In accordance with CMM 2012-05/2015-05 the notified vessels should be considered to be an integral part of the

Some corrections to the list related to the earlier notifications received from the United States (for Guam and CNMI) have also been made.

domestic fleet of that chartering Member or Participating Territory for the period of the notification. In accordance with paragraph 6 of CMM 2015-05, a summary of the list of notified charter vessels, received in 2015/2016, is presented in Table 1 attached to this paper.

5. WCPFC13 is invited to note the paper
