Submission from Parties to the Nauru Agreement and PNA Office on provision of observer reports

Standard Required
<i>The standard for “Provision of Observer Reports” is that the observer provider shall develop specific arrangements describing how CCMs may request observer data beyond the ROP Minimum Data Fields, what information may be provided and any requirements for use and protection of that information.</i>
ROP expectation on the Provision of Observer Reports
<p>By [date] each observer provider shall have developed arrangements that describe:</p> <ul style="list-style-type: none">• <i>under what circumstances a CCM can request information beyond the ROP minimum data fields;</i>• <i>what information it is prepared to provide to a requesting CCM;</i>• <i>the procedures and requirements for a CCM to request that information;</i>• <i>the timeframes and procedures the observer provider will follow on receipt of a request;</i>• <i>the permissible use, storage, destruction and dissemination of that information by the requesting CCM; and</i>• <i>the expected level of reciprocal reporting from the requesting CCM.</i> <p><i>Where a requesting CCM is of the view that an observer provider has not followed its own arrangements, that CCM may draw this to the attention of the TCC.</i></p>
