NOTES ON THE REORGANIZATION OF THE SC DOCUMENTS LIST

WCPFC-SC8-2012/12

Secretariat

This is a brief note on the restructure of the list of documents on the website.

During the Heads of Delegation meeting at the seventh session of the Scientific Committee (SC7), Heads of Delegations observed that science related documents prepared for the following session of the Commission are potentially useful for the subsequent SC meeting. The secretariat was requested to provide these documents at next the SC meeting. The numbering of these documents is SC8-WCPFC8-XX.

The document list and SC website have been re-ordered to reflect the theme order presented in the SC agenda. That is, Data and Statistics, Stock Assessment, Management Issues and Ecosystem and Bycatch.

Finally, the table 'Research Projects' following the last theme session contains documents related to the research projects, including Japan Trust Fund, Pacific Tuna Tagging Program and West Pacific East Asia Oceanic Fisheries Management Project. Symbols allocated to these papers are: RP-JTF-XX, RP-PTTP-XX and RP-WPEA-XX.
