THE AUDITOR'S REPORT FOR 2019 AND THE GENERAL ACCOUNT FUND FINANCIAL STATEMENTS FOR 2019

WCPFC17-2020-FAC14-04 28 October 2020

Purpose

1. The purpose of this paper is to table for the consideration of FAC14 and WCPFC17 the Auditor's Report for 2019 and the General Account Fund Financial Statements for 2019 which are attached to this paper.

Introduction

- 2. The Commission's Financial Regulations require that an independent external auditor issue a report on the audit of the annual financial statements and relevant schedules relating to the accounts of the Commission (Finance Regulation 12.6). Following consideration of the audited financial statements and audit report, the Commission shall signify its acceptance of the audited financial statements or take such other action as it may consider appropriate (Financial Regulation 13.1).
- 3. In undertaking the audit, the auditor is required to report on all relevant matters, including:
 - a) whether the statements are based on proper accounts and records;
 - b) whether the statements are in agreement with the accounts and records;
 - whether income, expenditure and investment of moneys and the acquisition and disposal of assets by the Commission during the year were in accordance with the Regulations; and
 - d) provide observations with respect to the efficiency and economy of the financial procedures and conduct of business, the accounting system, internal financial controls and the administration and management of the Commission.
- 4. The audit and compliance documents, which comprise the formal communications from the external auditor, were circulated to all Commission Members, Cooperating Non-Members and Participating Territories. The audit, compliance reports and annual financial statements are attached for reference. They show a compliant and unqualified set of accounts and reports.

External Audit Timing Requirements

5. The Commission's annual financial statements for the 2019 financial period were submitted to the Auditor prior to 1 May 2020. Under Finance Regulation 12, the financial statements are due to the auditor by 31 March 2020. The delay in submitting and receiving

the financial statements was due to the availability of the principal auditor related to COVD impacts and a late statement from one overseas bank. The final audit was submitted to the Commission on 9 September 2020.

Scope

6. The primary reporting focus of the financial statements is the Commission's General Account Fund established in accordance with Financial Regulation 6.1 (a). However, detailed information about the other funds in existence as at 31 December 2019: the Working Capital Fund; Special Requirements Fund; Chinese Taipei Trust Fund; West Pacific East Asia Oceanic Fisheries Management Project; the Japan Trust Fund; the Fees and Charges Trust Fund; the Voluntary Contributions Fund; and the Food and Agriculture Organization's Area's Beyond National Jurisdiction Project Fund were also provided to the auditor and addressed in Note 7 to the Financial Statements. These other funds were therefore subject to the same audit process as the General Account Fund. The reporting format for the other funds was adopted on the recommendation of the external auditor.

Audit findings

- 7. The audit report and compliance report provide that:
 - a) the external auditor's opinion was that the "the financial statements referred to above present fairly, in all material respects, the financial position of the general account fund of the Commission as of December 31, 2019, and the results of its operations and its cash flows for the year...";
 - b) a statement that there was no instances of noncompliance with the Commission's Financial Regulation 12.4 (c) which requires an opinion on compliance in relation to income, expenditure, the investment of moneys and the acquisition and disposal of assets; and
 - c) a statement that there was no instances of noncompliance with the Commission's Financial Regulation 12.4 (d) which requires an opinion on efficiency and economy of the financial procedures and conduct of business, the accounting system, internal financial controls and the administration and management of the Commission.

Financial results

8. For the General Account Fund, the financial statements show that there was a deficit of income over expenditure of USD363,411. In addition, prior years' contributions of USD409,655were paid by some Members in 2019. In accordance with Financial Regulation 4.4 the balance was transferred to the Working Capital Fund.

Recommendation

9. The Committee is invited to consider the audited financial statements and make the necessary recommendation to WCPFC17.

Independent Auditors' Report

The Chair Western and Central Pacific Fisheries Commission:

We have audited the accompanying financial statements of Western and Central Pacific Fisheries Commission (the "Commission"), which comprise the general account fund statement of assets, liabilities and fund balance as of December 31, 2019, and the related statements of income and expenditures and changes in fund balance, of cash flows, and of appropriations and expenditures for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the Commission's financial regulation 12.4; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards, which are consistent with the generally accepted auditing standards referred to in the Commission's financial regulation 12.4, require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Commission's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Deloitte.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the general account fund of the Commission as of December 31, 2019, and the results of its operations and its cash flows for the year then ended on the basis of accounting described in Note 2.

Basis of Accounting

We draw attention to Note 2 to the financial statements, which describes the basis of accounting. The financial statements were prepared in conformity with financial regulations of the Commission and certain accounting standards adopted by other international organizations, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

Other Matters

We have also issued our report dated September 3, 2020, on the Commission's compliance with financial regulation 12.4(c) and our consideration of the Commission's internal control over financial reporting as required by the Commission's financial regulation 12.4(d).

OUR RESPONSIBILITY UNDER GENERALLY ACCEPTED AUDITING STANDARDS

Our responsibility under generally accepted auditing standards has been described to you in our engagement letter dated January 24, 2020, a copy of which has been provided to you. As described in that letter, the objective of a financial statement audit conducted in accordance with generally accepted auditing standards is to express an opinion on the fairness of the presentation of the Commission's financial statements in conformity with the financial regulations of the Commission and certain accounting standards adopted by other international organizations, in all material respects. Our responsibilities under generally accepted auditing standards include forming and expressing an opinion about whether the financial statements that have been prepared by us with the oversight of management and the Board of Directors are presented fairly, in all material respects, in conformity with those accounting standards. The audit of the financial statements does not relieve management or the Board of Directors of their responsibilities.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether caused by fraud or error. In making those risk assessments, we considered internal control relevant to the Commission's preparation and fair presentation of the financial statements in order to design audit procedures that were appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Commission's internal control. Accordingly, we do not express an opinion on the operating effectiveness of the Commission's internal control over financial reporting. Our consideration of internal control over financial reporting was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses.

SIGNIFICANT ACCOUNTING POLICIES

The Commission's significant accounting policies are set forth in Note 2 to the Commission's 2019 financial statements. During the year ended December 31, 2019, there were no significant changes in previously adopted accounting policies or their application.

We have evaluated the significant qualitative aspects of the Commission's accounting practices, including accounting policies, accounting estimates and financial statement disclosures and concluded that the policies are appropriate, adequately disclosed, and consistently applied by management.

ACCOUNTING ESTIMATES

Accounting estimates are an integral part of the financial statements prepared with the oversight of management and are based on management's current judgments. Those judgments are ordinarily based on knowledge and experience about past and current events and on assumptions about future events. We are not aware of any significant changes in accounting estimates or in management's judgments relating to such estimates during the year ended December 31, 2019.

CORRECTED MISSTATEMENTS

Misstatements were brought to the attention of management as a result of our audit procedures and were corrected by management during the current period. We have attached to this letter, as Attachment I, a summary of misstatements corrected by management.

OTHER INFORMATION IN THE ANNUAL REPORT

The 2019 audited financial statements were not included in documents containing other information such as the Commission's Annual Report as of the date of this letter.

Deloitte.

DISAGREEMENTS WITH MANAGEMENT

We have not had any disagreements with management related to matters that are material to the Commission's 2019 financial statements.

OUR VIEWS ABOUT SIGNIFICANT MATTERS THAT WERE THE SUBJECT OF CONSULTATION WITH OTHER ACCOUNTANTS

We are not aware of any consultations that management may have had with other accountants about auditing and accounting matters during 2019.

SIGNIFICANT FINDINGS OR ISSUES DISCUSSED, OR SUBJECT OF CORRESPONDENCE, WITH MANAGEMENT PRIOR TO OUR RETENTION

Throughout the year, no routine discussions regarding the application of accounting principles or auditing standards were held with management in connection with transactions that have occurred, transactions that are contemplated, or reassessment of current circumstances. In our judgment, no such discussions were held in connection with our retention as auditors.

OTHER SIGNIFICANT FINDINGS OR ISSUES ARISING FROM THE AUDIT DISCUSSED, OR SUBJECT OF CORRESPONDENCE, WITH MANAGEMENT

Throughout the period, routine discussions were held, or were the subject of correspondence, with management. In our judgment, such discussions or correspondence did not involve significant findings or issues requiring communication to the Board of Directors.

MANAGEMENT'S REPRESENTATIONS

We have made specific inquiries of the Commission's management about the representations embodied in the financial statements. Additionally, we have requested that management provide to us the written representations the Commission is required to provide to its independent auditors under generally accepted auditing standards. We have attached to this letter, as Attachment II, a copy of the representation letter we obtained from management.

SIGNIFICANT DIFFICULTIES ENCOUNTERED IN PERFORMING THE AUDIT

In our judgment, we received the full cooperation of the Commission's management and staff and had unrestricted access to the Commission's senior management in the performance of our audit.

OTHER MATERIAL WRITTEN COMMUNICATIONS

There were no other material written communications between management and us related to the audit of the financial statements for the year ended December 31, 2019.
