

COMMISSION
SEVENTEENTH REGULAR SESSION
Electronic Meeting
8 – 15 December 2020

UPDATED INFORMATION ON NORTH PACIFIC ALBACORE FISHING EFFORT

WCPFC17-2020-IP08¹
8 October 2020

Secretariat

¹ This was posted for NC16 as NC16-WP-01

**NORTHERN COMMITTEE
SIXTEENTH REGULAR SESSION**

ELECTRONIC MEETING
[To be confirmed]

Updated information on North Pacific albacore fishing effort
(Reference: Attachment C/Annex A in NC7 Summary Report)

WCPFC-NC16-2020/WP-01

Secretariat

Table 1. Average annual catch of North Pacific albacore (metric tonnes)

CCM	Data pertain to WCPFC Area only or entire N Pacific?	Fisheries with ANY catch of NP albacore	"Fishing for" NP albacore? (Y/N)	2006-2010 average annual catch
Canada	N Pacific total catches	Albacore troll	Y	5,911
	Total catches for Canada:			5,911
	Catches in fisheries "fishing for" NP albacore:			5,911
	% of total catch in fisheries "fishing for" NP albacore:			100
China	N. Pacific	Longline	Y	1,967
	N. Pacific	Longline	N	98
	Total catches for China:			1,967
	Catches in fisheries "fishing for" NP albacore:			1,869
	% of total catch in fisheries "fishing for" NP albacore:			95
Note: Historically, there are 10 longliners seasonally operating in the high seas of Northern Pacific Ocean targeting albacore, which covered the Convention Areas of WCPFC and IATTC				
Cook Islands	N Pacific total catches	Albacore troll	Y	31
	N Pacific total catches	Longline	Y	8
	Total catches for Cook Islands:			39
	Catches in fisheries "fishing for" NP albacore:			39
	% of total catch in fisheries "fishing for" NP albacore:			100
Fiji				1.188mt
	Total catches for Fiji Islands:			1.188mt
	Catches in fisheries "fishing for" NP albacore:			None
	% of total catch in fisheries "fishing for" NP albacore:			None

* Data in the WCPO were confidential

¹ Data pertain to WCPFC Area only or entire N Pacific?

² Fisheries "fishing for" NP albacore

³ NOTE: For Canada no fishing inside the CA since 2005

⁴ Convention Area

⁵ Japanese albacore data indicates the fisheries in north of the equator within CA.

⁶ Korea's fishing effort "fishing for" NP albacore occurred in 2007 and 2008, and non-target fishing effort occurred every year in the North Pacific.

⁷ Estimates under study

⁸ This data just indicates the fishery fishing for NP albacore only

⁹ Effort baseline (2002-2004) is based on 2004 effort from logbook data. Data reported is on effort 'directed' to NP albacore which represents vessels fishing in the area North of 20°N

¹⁰ Vessel number and effort was given for all species

Table 2 (continued). Fishing effort fishing for North Pacific albacore

Italic = preliminary data

Table 2-1. As requested by the NC12 (Paragraph 57) related to Paragraph 2 in CMM 2005-03, CCMs are requested to report on how to control their fishing effort fishing for North Pacific albacore by indicating, for example, limiting vessels, fishing days, licenses, or some other measures.

CCM	Area	Fishe ry	Regulation of fishing effort
Canada	N Pacific	ALB troll	<p>Canada issues domestic “CT” fishing licences for Albacore Tuna. The CT licence is intended to act as a management measure to strengthen management of the domestic tuna fishery, and help ensure Canada is meeting international obligations related to effort. As of 2013, commercial licence holders wanting to harvest tuna are required to hold a primary licence (with Schedule II privileges) and apply for/receive a separate CT (Tuna) licence. The CT licence authorizes fishing of Pacific Albacore tuna in Canada’s Exclusive Economic Zone (EEZ) and on the high seas under separate licence conditions. The CT licence is vessel-based and must be renewed annually.</p> <p>Canadian licence holders without a primary licence are able to access tuna in international high seas waters through “Section 68 High Seas” licenses. The Section 68 licence is intended to act as a management measure to strengthen management of the tuna fishery in the high seas, and help ensure Canada is meeting international obligations related to effort. The Section 68 licence must be renewed annually.</p>
	CA only	ALB troll	<p>Canada issues domestic “CT” fishing licences for Albacore Tuna. China	N Pacific	LL	
Cook Islands	N Pacific	ALB troll	Not Applicable, CK has no troll vessels in the fishery
	N Pacific	LL	Limited by license.
Fiji	N Pacific	LL	Vessel Size class & capacity, Licenses and other measures specified in Offshore Fisheries Management Act 2012 & Offshore Fisheries Management Regulation 2014 and National Strategy for Fiji Fishing Vessels Operating in Areas Beyond National Jurisdiction.
Japan	CA only	LL Coast	The number of fishing vessels is limited by the license system.
		LL DW	The number of fishing vessels is limited by the license system.
		PL DW	The number of fishing vessels is limited by the license system.

Korea	CA only	LL DW	There has been no Korean flagged fishing vessel targeting for N.ALB. However, all authorized fishing vessels operating in the CA are required to report their catches including non-targeting species daily via the e-reporting system.
Philippines	-	-	Not applicable
Chinese Taipei	N Pacific	ALB LL	1.We have limited the number of our fishing vessels fishing for North Pacific albacore to stay below 25 since CMM 2005-03 was implemented. The vessel number is controlled when we issue the fishing permit every year. 2.For other fishing vessels that are not allowed to fishing for North Pacific albacore, their bycatches of this albacore would be monitored to stay below certain ratio
USA	N Pacific	ALB troll	The United States has a single fleet that fishes for North Pacific albacore in the Convention Area: the albacore troll fleet is based out of the U.S. West Coast. The albacore troll fleet is not currently subject to effort or catch controls, but permitting, VMS, and reporting (through vessel logbooks) requirements enable the United States to monitor the fishery, including levels of participation, fishing effort and catches. The United States will continue to monitor fishing effort and implement any controls needed to comply with paragraph 2 of the CMM, as well as with relevant decisions adopted in other RFMOs (IATTC).
	CA only	ALB troll	The United States has a single fleet that fishes for North Pacific albacore in the Convention Area: the albacore troll fleet is based out of the U.S. West Coast. The albacore troll fleet is not currently subject to effort or catch controls, but permitting, VMS, and reporting (through vessel logbooks) requirements enable the United States to monitor the fishery, including levels of participation, fishing effort and catches. The United States will continue to monitor fishing effort and implement any controls needed to comply with paragraph 2 of the CMM, as well as with relevant decisions adopted in other RFMOs (IATTC).
Vanuatu	N Pacific	ALB LL	Vanuatu has reviewed its baseline to use the 2004 Effort data as baseline. Vanuatu has also reviewed its 2005 to 2018 data sets to report catches of North Pacific Albacore which is being fished in the areas North of 20°N where the species is being targeted. With this revision, effort limits is being achieved for this CMM measure. Vanuatu will continue to monitor its vessels fishing to stay within the baseline effort of 42 vessels through the license system.
